# AmeriDeck™

HYDRAULIC LOADING SYSTEM

The smart solution to increase the versatility and utilization of your pickup.

## SuperDeck

### Specifications:

- 2,500 lb. load capacity
- Cargo deck 58" wide x 96" long with a 3" beavertail (Deck surface 54" inside rail to inside rail)
- Hoist (lift arm, hydraulic cylinder and 12 volt DC Power Pack)
- Hand controller with 8' control pendant
- Deck weight: 450 lbs.

### Standard Features:

- Powder coated for increased durability
- Detachable and interchangeable with other AmeriDeck decks
- 8 tie down points
- Quick & easy installation
- No interference with trailer hitches
- Secure under-deck storage
- Extendable and removable landing wheels
- Fits any full sized pickup truck (6.5' and 8' beds)

Loading at ground level.

Only 2 pins for quick deck detach

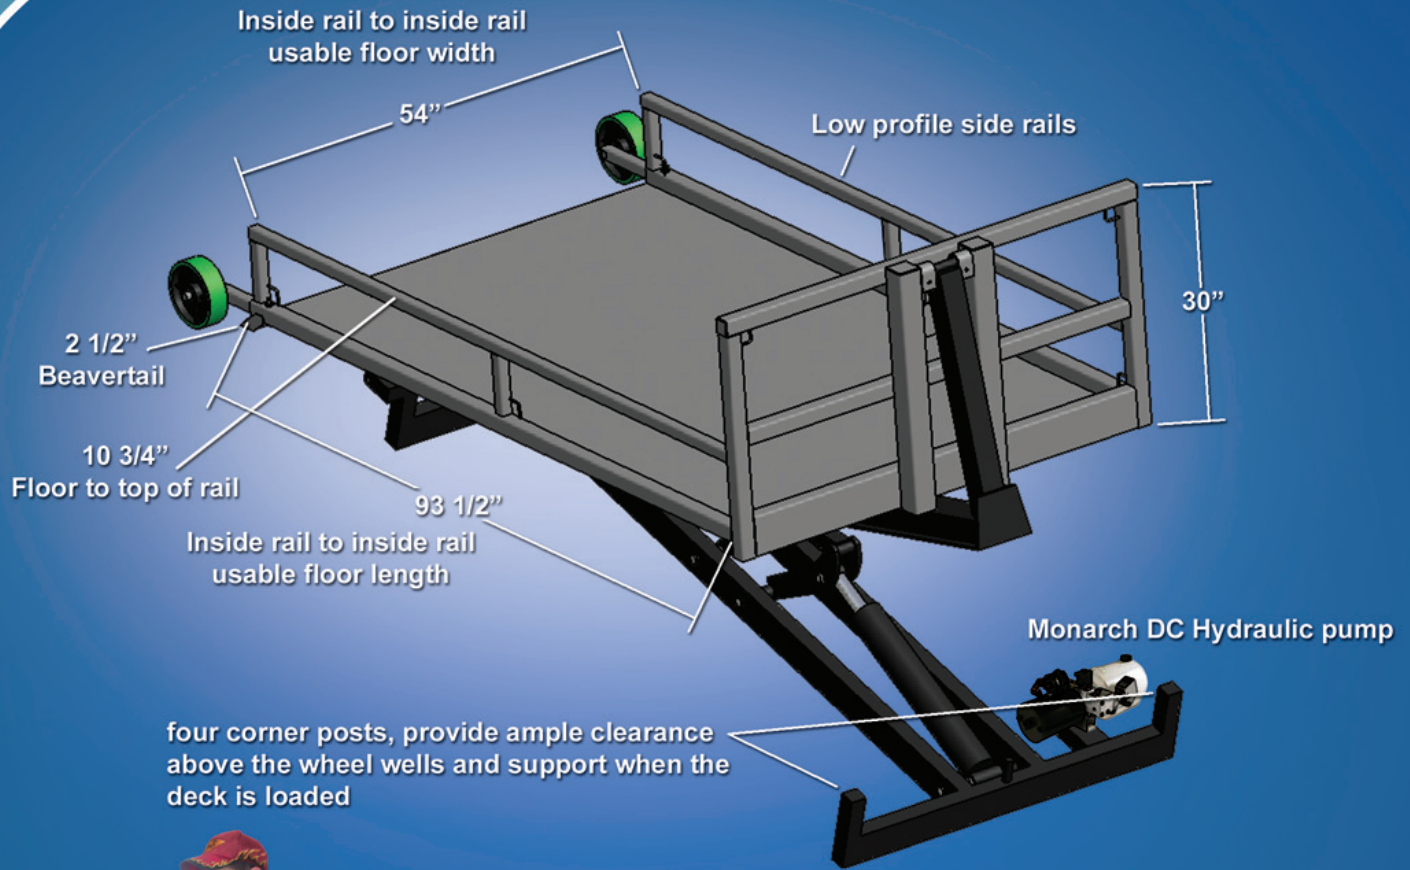

Opportunity for cargo theft is minimized with our detachable control pendant.

# How the SuperDeck helps you...
